Grade Point Average (GPA)

GPA is computed using the above quality points. Beginning with grade nine, all subjects, whether passed or failed, are included in the computation. We report weighted GPA on our transcripts. Class rank information is available only upon request. There are two levels of courses utilized for the purpose of calculating weighted grade point average: Advanced Placement (AP) / Concurrent Enrollment Program (CEP), and Honors (H) courses.

Principal List and Honor Roll serve as an emblem of excellence to recognize students who excel academically. The lists are prepared at the end of each quarter. They are based on letter grades and include all subjects. The students' who qualify for Principal's List are those with an overall GPA of 4.0 and above GPA. Those who qualify for Honor Roll are those whom have attained a 3.75 – 3.9 GPA.
